## **NRWA GUIDELINES ON GRADUAL WITHDRAWAL OF LOCK DOWN RESTRICTIONS**

Dear Residents,

With opening up of economic and other activities we are too returning back to normal operations and following government guidelines. The onus is now on us to make sure we keep ourselves, our families, our loved ones and our society safe. The virus is still there.

Following will be in effect tomorrow onwards (22/5/2020)

1. RESIDENTS: - Allowed from all the gates in all the blocks.
2. GARDNER's: - Allowed as standard time for Domestic help
3. GUEST's:
  - a. Time: 7:30AM to 6:30PM
  - b. Gates – Current 4 gates which are open for non-residents

For guest – same protocol will be applied for as non-resident entry – temperature check etc.

Taking feedback from gates that due to checking of Arogya setu app status daily is taking time and hence we will be asking security to check Arogya setu for 25% or more as deemed fit of Domestic helps/Gardner's/cooks/car cleaners including people directly employed by residents on a daily basis.

Vendors/ Visitors/ construction labour will be checked daily as of now

Resident's co-operation is appreciated.

Stay safe.

Warm Regards

NRWA Office
